I have spoken to Tipton's COS. I had been trying to connect with them since last night. She is not on the ground but is planning to be there tomorrow. His COS is aware and we are hoping that she will be able to connect with Tipton directly at some point. Scheduling is working on it.

Hello,

I received a call when I was on the 4PM R8 Gold King call from Scott Tipton's office and they said they heard a rumor Gina is on-site.

Was a heads up notification made to congressional staff? I fear we may run into more of these calls if they are not notified.

Many thanks,
